Hi Lauren,

Thank you for the discussion on Friday which was very helpful. You may see that we are using a different case reference for this email as we try to keep the different threads separate for ease.

In terms of your request for further representations to Government ministers, as explained we are doing some additional research so that we feel we understand this issue better. This will allow us to make a more informed decision on what further effective action we may be able to take on this matter in particular.

We will allow two weeks for this process but contact you again if we have a result earlier.

Kind regards

Office of Justin Madders MP
